

CONCENTRATED HERBAL SPRAY

For Lawns And Gardens
Keep **THE MOSQUITOES** Away
(for Days To Weeks)

Garden Pleasure

100% NATURAL Lawn & Garden Comfort Spray
Transform outdoor spaces into zones of Comfort & Relaxation.

Mosquitoes can turn peaceful Lawns, gardens & outdoor dining areas into uncomfortable spaces. Garden Pleasure is a concentrated botanical outdoor spray formulated with natural Garlic Oil & selected Plant derived ingredients to help create a more enjoyable outdoor environment.

Why Garden Pleasure

Crafted from plant based ingredients, including garlic oil and aromatic botanical oils. The added surfactants for increasing its spray ability, longevity etc are also chosen from natural sources. (No Insecticide is present, Lab tested)

Ideal for Premium outdoor spaces

- Luxury Hotels • Resorts • Clubs
- Farmhouse • Outdoor restaurants & cafes
- Residential garden

Long Lasting Outdoor Comfort

Humans can smell the spray for 30-40 minutes, but mosquitoes can smell it for several days. Mosquitoes can detect the presence of humans from 100 feet distance by detecting CO₂ released by humans. The smell of spray irritates the mosquitoes & overlap their power to detect the presence of humans. After repeated sprays, mosquitoes leave the area for very long time and you feel the pleasure of garden.

How To Apply

- i) Add 50 ml concentrate to 5 litres of water in a spray pump covering approx. 250 sq. yards area.
- ii) Spray uniformly over lawn's grass & above and below leaves of plants.
- iii) Spray during early morning or evening hours to achieve best results.
- iv) Do not use hard-water.
- v) Shake well before use
- vi) Spray twice in the first week, thereafter once in a week or after heavy rain.

Note:- “In addition to enhancing outdoor comfort, Garden Pleasure helps maintain the natural beauty of Lawns and Gardens, leaving foliage brighter, fresher, & Healthier-Looking.”
